CONSTRUCTION • SITEWORK SPECIALIST

Tobyhanna, Pennsylvania

216 PA-196, Tobyhanna, PA 18466 | 570.895.4613 | info@kobaltconstruction.com | kobaltconstruction.com

COMPANY OVERVIEW

Kobalt Construction is a Tobyhanna, Pennsylvania contractor serving commercial, public, and residential clients across the Poconos, Scranton, the Wyoming Valley, Hazleton, and the Lehigh Valley. With 15+ years in business, our crews handle site work, concrete, and paving, and we manage projects from permitting through final walkthrough.

CORE CAPABILITIES

Site Work & Excavation. Demolition, clearing, earthwork, stormwater and erosion control, utilities, and retaining walls.

Concrete. Foundations, slabs, curbing, sidewalks, and decorative concrete.

Paving. Milling and repaving, new asphalt, curbing, and striping for lots, roads, and trails.

General Contracting. Full project management from permitting through final walkthrough, with one point of contact.

Design & Consultation. Pre-construction planning, budgeting, and feasibility.

SELECTED PROJECTS

Wawa, Plains Township. Clearing, bulk excavation with engineered retaining walls, utilities, and on-site stone recycling.

AutoZone, Stroudsburg. Demolition, two underground infiltration basins, earthwork, concrete, and paving, with Highway Occupancy Permit work.

Carbon County Emergency Training Center, Nesquehoning. Land clearing, earthwork, and utilities on a 10-acre public safety training site.

Luzerne County Flood Authority. Garage expansion sitework: demolition, earthwork, stormwater, a rain garden, and paving.

Hazleton Area School District. Parking lot paving completed ahead of the start of the school year.

Weis Supermarkets, Mt. Pocono. Phased cold-milling and repaving that kept the store accessible to customers.

Capouse Avenue Park, Scranton. Site work for a $1.8 million park revitalization with a new splash pad and playground.
